Science for G1

This term we will look at 4 Units in Science. They will be;

Unit 1 How Scientists Work - using five senses and using tools to gather information and answer inquiry questions.

Unit 2 Technology All Around - how do engineers work? What are the materials that make up objects and how can we sort them?

Unit 3 Animals - life cycles, birth, growth, reproduction and death.

Unit 4 Earth's Resources - rocks, soil, water and saving Earth's precious resources.

Social Studies G1

This term will look at two Units in Social Studies. They are;

Unit 1 - My School, My Community - talking about how people cooperate and work together. Being a good citizen at school.

Unit 2 - Working in the Community - looking at needs and wants and the kinds of work people do that helps them get what they need and want.

Reading for G1

This term we will focus on three units including;

Unit 1 Readers Build Good Habits - establishing rules and expectations for reading to self, being independent learners in partner settings and working to become stronger readers.

Unit 2 Tackling Trouble - build skills to think about stories and how words will go before we read, use of letters, sounds, patterns and snap words to help with reading, check and fix mistakes and helping each other read.

Unit 3 Readers Meet the Characters in our Books - identifying character traits and what characters

Writing for G1

This term we will introduce students to the five steps in the **Writing Process** - prewrite, write, revise, edit and publish.

We will also look at understanding **writing traits** such as ideas, organisation, voice, word choice, sentence fluency and conventions. Children will learn about writing sentences and paragraphs before starting on a unit of descriptive writing.

Spelling and Grammar for G1

Students will receive spelling words to study at home from the first 100 Dolch Words.

We will introduce and review beginning and final consonants, short vowels, consonant blends and long vowels.

Students will learn ABC order, capitalization, sentence word order, adjectives, action verbs and pronouns.
